🎓 IB Tutor | University of Oxford | MSc in Mathematics

I hold an MSc in Mathematics from the University of Oxford and have over 8 years of experience teaching IB Maths and A-Level Maths. I have guided students to success in IB, IGCSE, and AP Maths, helping them achieve top marks in exams and gain entry to prestigious universities worldwide.

Teaches: IB Maths A-Level Maths AP Calculus IGCSE Maths

Curriculum: IB AP A-Level IGCSE GCSE

Qualifications

University of Oxford: MSc in Mathematics (2014–2016)

Imperial College London: BSc in Applied Mathematics (2010–2014)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past eight years, I have helped students achieve success in mathematics across multiple curricula. My students have excelled in IB Mathematics (AA and AI) and A-Level Maths, with many going on to secure top university placements. I focus on providing a clear understanding of core concepts, ensuring students are well-prepared for exams.

In addition to IB and A-Level, I have also supported students with their AP Calculus and IGCSE Maths, offering targeted guidance that leads to measurable improvement in both grades and confidence. Through personalised one-on-one sessions, I have been able to adapt to the unique needs of each student, helping them achieve their academic goals.
