Tutoring Experience

For the past six years, I have guided students in IB Geography, helping them understand complex geographical theories and apply them in their exams. My students consistently achieve high marks, and I also assist with Internal Assessments and Extended Essays, providing structured guidance throughout the process.

In addition to IB, I have taught A-Level and IGCSE Geography, helping students prepare for their exams with confidence. My tutoring sessions are designed to build a strong foundation in geographical concepts, ensuring that students not only excel academically but also develop a deeper appreciation for the subject.
